

Advanced topics in Structural Equation Modeling

Location: CIQSS, 3535 Queen-Mary, Suite 420, Montréal
Dates: May 8 to 10, 2013

Financial support for this Data Training School is provided by the *Fonds de recherche du Québec - Société et culture*, the QICSS member institutions and the Population change and life course strategic knowledge cluster.

The course is open to graduate students and postdoctoral fellows as well as to professors and applied researchers. Familiarity with SEM in single sample analyses is assumed. For the course outline, please visit our website: www.ciqss.umontreal.ca

A maximum of 20 participants will be selected on the basis of the relevance of the course to their curriculum, research, or teaching.

Application procedure

To apply for the course, please register on our website www.ciqss.umontreal.ca on the 2013 QICSS Summer School page, which includes information on the selection criteria.

Graduate students and postdoctoral fellows who are selected could be eligible to receive financial support covering part of their travel and lodging expenses (university residences). To apply for funding, candidates need to send an email to [Luc St-Pierre](mailto:Luc.St-Pierre@umontreal.ca) specifying dates of arrival and departure (it is possible to arrive the day before the training start and leave the day after it ends).

Fees

	QICSS users*	QICSS Member Institutions **	Other Institutions
Students and Postdoctoral fellows	\$165	\$195	\$300
Professors/researchers	\$330	\$375	\$800
Any other category	\$600	-	\$800

Registration fees must be paid by credit card. Federal and Provincial taxes are not included.

Notes:

*QICSS users have an active project to access data in one of the six QICSS laboratories.

**QICSS' member institutions: *Université de Sherbrooke, INRS-UCS, Concordia University, Université Laval, McGill University, Université du Québec, UQAM and Université de Montréal.*

Registration

The online registration period will run from **March 19 to April 2, 2013**. Selection results will be announced during the week of **April 2, 2013**.
